Le Brassus

2nd April 2026
Attn: Vietdecor Team,

Letter of Recommendation for New AP boutique at Union square, Ho Chi Minh City

Dear team,

It is with profound respect and admiration that we commend an extraordinary project team whose performance stands as a powerful testament to resilience, leadership, and collective belief. Operating under tight timelines, complex constraints, and immense pressure, the team consistently chose determination over doubt and action over hesitation, never losing sight of their commitment to success.

What truly distinguished this team was not only their technical expertise, but their spirit. Through disciplined project management and inspirational leadership, they demonstrated calm decisiveness, mutual trust, and unwavering accountability in moments where the margin for error was razor thin.

Against all odds, the team delivered—not simply meeting expectations, but exceeding them. Their success was achieved without compromise, and in doing so, they set a nice benchmark for future boutiques to mimic and is a great start for a success story for the coming boutiques.

The biggest mention here should be project manager Minh and technical manager Tuan Anh, who were present in every week and up to the final days of the handover. They did not merely manage a project under pressure—they proved what exceptional teams are made of.

We cannot speak more of the words of what we have achieved in such a short span of time, but a big bravo and to all good project memories.

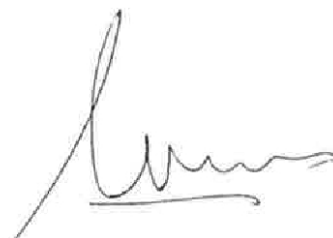

With highest regard,
From Audemars Piguet Store Design and Planning Department

Nabil Sidi-Yacoub
Head of Store Design & Planning

Carolina Chiariotti
Retail Architect

Gabriel NG
Store design project manager SEA

To Whom It May Concern,

We would like to take this opportunity to express our sincere appreciation and gratitude to VietDECOR for their exemplary work on the design and construction of the Aspire Lifestyles office in Vietnam. Situated in the heart of Hanoi, our office has served as an essential space for many years. Recognizing the need for a revitalized environment, we decided to undertake a renovation to foster a more dynamic and productive workplace.

From the outset, the project presented several challenges, including space limitations and the necessity for the Aspire Lifestyles team to continue their daily operations on-site. However, VietDECOR approached these challenges with remarkable dedication and professionalism, delivering a comprehensive design-and-build solution.

Each phase of the project was executed with exceptional attention to detail. VietDECOR provided invaluable assistance in selecting appropriate materials and developing an interior design tailored to our existing office conditions, all while optimizing renovation costs. Their diligent management of the project timeline ensured a swift renovation process, minimizing disruptions and substantially reducing the downtime associated with office closure during construction.

The transformation of our workspace, facilitated by VietDECOR, has significantly enhanced both its atmosphere and functionality. The redesigned space features a scientifically informed layout that optimizes utility, contributing to a renewed sense of positivity and energy among our team members.

We are thoroughly satisfied with the outstanding results achieved by the VietDECOR team and anticipate that they will continue to pursue opportunities that allow them to showcase their exceptional skills and expertise in future large-scale projects.

Sincerely,

Binh Mỹ Anh

Compliment Letter

June 1st, 2024

Truong Duc Hieu
VIET TECHNOLOGIES JOINT STOCK COMPANY
2nd Floor, VNCC Building - 243 De La Thanh, Ha Noi, Vietnam

Dear Mr. Hieu,

I am writing to express my heartfelt gratitude and admiration for the incredible work you did in renovating & designing my factories in Nam Dinh & Ninh Binh. Your exceptional talent, creativity, and attention to detail have truly transformed my factory's space into a beautiful and functional environment that exceeds all my expectations.

From our initial consultation, I was impressed by your ability to listen and understand my vision while offering insightful suggestions that enhanced the overall design. Your ability to seamlessly blend aesthetics with practicality is truly commendable. The color schemes, furniture selection, and decorative elements all come together harmoniously, creating a warm and friendly atmosphere that perfectly reflects garment industry style.

Your professionalism and dedication to excellence were evident throughout the entire process. You consistently communicated progress updates, addressed any concerns promptly, and ensured that every detail was executed flawlessly. The final result is a testament to your hard work and expertise.

I have received countless compliments from customers and suppliers, all of whom are equally impressed by the transformation from ground zero. Your work has not only enhanced the beauty of the factories but has also enriched the employee's working environment.

Thank you once again for your outstanding service and for making my dream work a reality. I look forward to the opportunity to work with you again in the future and will enthusiastically recommend your services to anyone in need of a top-notch interior & architect designer.

Your Sincerely,

A handwritten signature in blue ink, appearing to read 'Kenny Tang', with a stylized flourish underneath.

Truong Duc Hieu – VietDECOR Interior

Letter of appreciation

To whom it may concern

VietDECOR was chosen as the interior design and renovation unit for many items for Tam Anh Hospital Project in Hanoi (phase 1 in 2016-2017 and phase 2 in 2019-2020) as well as some areas of Tam Anh Hospital in Ho Chi Minh City. Quite a lot of work has been done from lobby areas to conference halls, clinics as well as inpatient rooms, to the recent relocation of TAH's office to the 7th floor in Hanoi and decoration of hall F in Ho Chi Minh City in 2023.

VietDECOR has done a good job of organizing construction management, performing well in the task of dividing zones according to completed renovation areas and paying close attention to organizing the cleanup of the working area during the construction process.

We appreciate VietDECOR' professionalism, organization and swiftness, as well as the consistently high quality of work delivered throughout the projects.

We are also always willing to consider VietDECOR as an interior design & construction unit for our upgrade or renovation projects.

Best Regards

Mrs. Ngo Thi Ngoc Hoa

General Director

Tam Anh Hospital

Truong Duc Hieu – VietDECOR Interior

Letter of Appreciation

To whom it may concern,

I am writing to express my sincere appreciation for VietDECOR work on the recently concluded design and renovation of FedEx office at 39B Truong Son building, Tan Binh District, Ho Chi Minh City.

VietDECOR design, material selection and color scheme made our office a warm and comfortable place to be. We appreciate the effort made by VietDECOR in assisting FedEx effort to upcycle furniture as part of FedEx sustainability plans.

FedEx have partnered VietDECOR since 2007 for our design and construction needs in Vietnam. They are great collaborators full of enthusiasm, excellent ideas and always willing to go above and beyond.

I highly recommend VietDECOR to carry out your design and built work without any hesitation.

Sincerely

A stylized, handwritten signature in black ink, appearing to read "Jonathan Lee".

Letter of Recommendation

Date, 25th October 2023

During the period 2021 to the end of 2022, Scandinavian Software Park by MONTERRO has collaborated with VietDECOR - a leading Interior company in Vietnam. During that time, VietDECOR designed & built 03 office projects at Peakview Building, 36 Hoang Cau Street - Dong Da District - Hanoi Capital.

- Level 19th for area 330 m2 (Mar 2021)
- Level 15th for area 300m2 (Dec 2021)
- Level 19th for area 350m2 (Nov 2022)

Undeniably, VIETDECOR has excellently implemented the design and construction process for our office in Scandinavian style, the design was practical and emphasizes useful functions to support our work. In addition, VietDECOR also took into account the expandability and flexibility of space in the design, in line with MONTERRO's purpose at the time we chose the location at Peak View, with VietDECOR's assistance.

We highly appreciate the way VietDECOR always responds quickly, as well as comprehends our feedback, to improve and progress throughout the process. In particular, we are especially pleased with the maintenance service from VietDECOR. After the construction service is completed, the company still does not hesitate to support and handle small defects or some modification.

In short, MONTERRO is extremely satisfied with the service that VietDECOR has provided, and hopes that we will be able to collaborate for long-term in future projects. Besides, we will recommend VietDECOR to clients who have demand to design and build interiors for their offices.

Once again, thank you for your support always.

Ms. Le Thi Thu Huong
Managing Director

Jeisys

JEISYS MEDICAL VN
239 Xuan Thuy, Dich Vong Hau, Cau Giay, Ha Noi

11th October 2023

To whom it may concern,

VietDECOR was selected to provide fitting-out design and renovation service to Jeisys Medical VN office in HITC building, 239 Xuan Thuy, Dich Vong Hau Ward, Cau Giay District, Ha Noi in March 2023.

VietDECOR has a team of experienced and talented designers who are passionate about creating beautiful and functional spaces. They take the time to understand our needs and preferences, and they work closely with us to develop a design that meets the budget and schedule. Our office design and furniture are matched in color and style and strictly follow Jeisys branding guidelines. We have received tremendous appraisals from all our colleagues for a nice and professional office space. We are also highly satisfied with the quality of furniture provided by VietDECOR.

We are very pleased with VietDECOR performance and highly recommend them for any interior design project.

VietDECOR 은 정말 멋진 업체입니다. 그들의 디자이너들은 저희의 요구와 선호를 꼼꼼히 파악하여 예산과 일정에 맞는 맞춤형 디자인을 제안해 주셨습니다. 저희 사무실의 디자인과 가구는 색상과 스타일이 조화롭게 어우러져 있으며, Jeisys 의 브랜딩 지침도 잘 지켜져 있습니다. 동료들도 저희 사무실 공간이 멋지고 전문적이라는 평가를 해주셨습니다. 또한 VietDECOR 가구의 품질도 매우 우수합니다. 내구성이 좋고, 디자인도 깔끔합니다.

Warm regards,

Park Jong Hyun
Company Chairman cum General Director

June 29th 2023

To whom it may concern,

VietDECOR was selected to provide fitting-out design and renovation service to DAI Global LLC office in Capital Place, 29 Lieu Giai Street, Ba Dinh District, Hanoi, Vietnam in December 2022.

Our scope of work includes services for design, renovation and complete furnishing of the office space that accommodates both open floor space and private rooms for many teams. The design concept has integrated DAI's corporate branding into the overall color palette and the design of the office spaces and the use of environmentally friendly concepts, energy-efficient equipment such as highly energy-efficient LED light bulbs, maximizing natural light has been utilized. The construction also ensures an effective working area, and appropriate semi-enclosed team space that not only facilitates discussion within team but also minimizes noise level.

VietDECOR meticulously analyzed and thoroughly understood our demands and requirements to provide the appropriate design and solutions for DAI. Our office design and furniture are matched in color and style and strictly follow DAI branding guidelines. The working area, the meeting rooms and the pantry are well-designed to obtain maximum natural light and enable convenient operations. We have received tremendous appraisals from all our colleagues for a nice and professional office space. We are also highly satisfied with the quality of renovation and furniture provided by VietDECOR. In addition, they handled tight deadlines of work completion in a professional manner despite the peak construction season which is very close to Tet holidays in Vietnam.

We are very pleased with VietDECOR performance and highly recommend their services without hesitation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Abraham Guillen".

Sub: Appreciation Letter

Dear Hieu,

I'm writing to you because in 2018 you did some interior design in our office. Just wanted to say thank you I love the logo wall in the lobby that it stands out so well to create a cozy atmosphere. Office staffs loves the working environment and every friend I have found or when I meet new people they all comment on the design.

So again I wanted to thank you for all the good work that you did and I will definitely recommend you to anyone who needs someone.

Sincerely,

Hugo Lei,
Director of Kintex Elastic

Letter of appreciation

[Date and Time]

22nd. July. 2022

Vietnamese interior design firm VietDECOR collaborated with SDA on 2 projects:

Devyt Corporation Ha Noi Headquarter

Designed by SDA, VietDECOR carried out the furniture fit outs and finishing work, along with coordination of subcontractors and processing of information in lieu of SDA, as we were only available in Hanoi once every three weeks for monitoring.

Hai Phong guest apartment

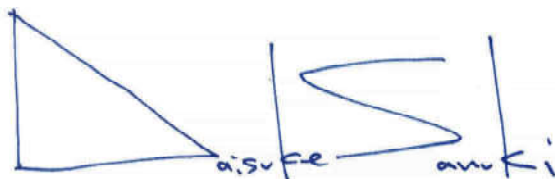

VietDECOR was responsible for structural documents consultation and MEP deployment, execution of technical documents as well as communicating with the investors.

We appreciate VietDECOR's professionalism, organization and swiftness, as well as the consistently high quality of work delivered throughout the projects.

Once again, thank you sincerely for your hard work and we hope together, we can soon achieve more success in the future.

Sanuki Daisuke

Director, Principle Architect, SDA

To whom it may concern:

Viet Technologies Joint Stock Company (VietDÉcor) was selected to provide the interior design and fitting-out work for Social Impact - USAID Learns office located on the 6th floor, BIDV Tower, 194 Tran Quang Khai Street, Hoan Kiem District, Hanoi in early 2020.

During the entire course of the interior design, fit-out period, and related furnishing, VietDÉcor proved to be extremely responsive, flexible, and professional. They were able to accommodate our requests with a solution-oriented approach and at a reasonable price compared to the market rate. VietDÉcor's proposed layout and office configuration emphasized flexibility on the layout design, accommodation of both private and public workspaces, sufficient conference space, ambient light, and ease of use. They also handled tight deadlines especially well during the COVID-19 situation. The work that VietDÉcor accomplished, still today, frequently draws positive comments from colleagues and regular visitors and contributes to the daily comfort of our work environment.

We are very pleased with Viet Décor's performance and highly recommend their services without hesitation.

Sincerely,

Design and Fitting out works for TEMENOS VIETNAM COMPANY LIMITED new office on 9th floor, 34 Lang Ha str, Hanoi, Vietnam

To whom it may concern,

VietDECOR was commissioned to design and build the TEMENOS VIETNAM COMPANY LIMITED new office on 9th floor, 34 Lang Ha str, Hanoi, Vietnam in June, 2020. Scope of work includes all facility for the office: Reception area with one small & one large meeting room and 15 open space seats for staff, dry pantry, utility & storage and 1 private room.

The work carried out and delivered was of a high standard and quality, and more importantly within schedule and budget. When adjustments were needed we found their team to be very accommodating and they are outstanding attention to detail in design solutions.

It was a pleasure to work with VietDECOR and I would have no hesitation in recommending them to potential companies looking for a reliable and competent vendor to undertake the full complement of interior design and build project for office.

Yours Sincerely,

The image shows a handwritten signature in black ink over a red circular stamp. The stamp contains the text: "CỘNG TY TNHH TEMENOS VIỆT NAM" in the center, "HÀNH PHỐ HÀ NỘI" at the bottom, and "SỐ ĐƠN: 0104327257 - C.T.T.N.H" around the top inner edge.

TO WHOM IT MAY CONCERN

Letter of Reference for Viet Technologies Joint Stock Company

The USAID LinkSME project contracted Viet Technologies JSC for the interior design and fitting out work of our Hanoi office at 6th floor, No 10 Chu Van An, Ba Dinh, Hanoi in March 2019.

They provided a good design that maximized our office space and offered practical furniture solutions which accommodated our available furniture. The fitting out work was done to a high standard of quality, and importantly, on schedule. Their workers showed a high degree of responsibility and quick responsiveness to our needs. They honored their warranty provisions and resolved any post-completion issues.

Overall, we are quite satisfied and do not hesitate to recommend Viet Technologies JSC to potential companies looking for a professional contractor to carry out office interior design and fitting out works.

Yours sincerely,

Ronald Ashkin

USAID LinkSME Project Director

Letter of recommendation

Date: 12th January, 2017

Project: Santa Clara Company Limited.

-Y Yen, Nam Dinh, Vietnam.

Design Firm: VIET TECHNOLOGIES JOINT STOCK COMPANY

Truong Duc Hieu acted as our Interior Decorator providing guidance on all our interior decor matters relating to a very extensive renovation we undertook during 2016. He provided valuable guidance in regard to color schemes, furniture selection, flooring and tiling, painting, lighting and accessories. This renovation involved a complete design of the interior 2000 square meter office of our factory in Nam Dinh, Vietnam.

We are ecstatic about the results Hieu achieved. It is a true testament to his talent that relatives, friends and guests who visit our renovated office are in awe of the transformation. He is very creative.

It was a pleasure to work with Hieu. While he has definite opinions in regard to all decor related issues he LISTENS to the client and works hard to understand the needs of the client. He is a great person and very comfortable to work with.

We would characterize our renovation as a “high end” project. A substantial investment was committed to the renovation including the interior design and the decor package. So while the budget was substantial Hieu always looked for good value when making product recommendations. We came to see him as a very practical interior decorator who can deliver good value for both modest and high end projects. The desire to provide good value to his clients was also apparent in his time management and record keeping on the project. He was very professional and we always felt that we were getting good value for his consulting fees.

In summary we would strongly recommend Mr. Truong Duc Hieu to handle your interior decor project.

Your Sincerely,

Kenny Tang
General Director

July 23, 2015

RE: Viet Technologies Joint Stock Company

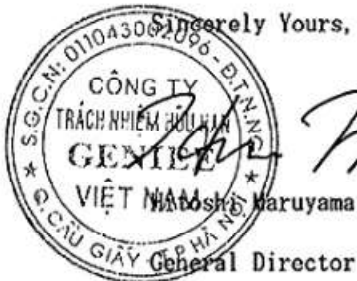

To Whom It May Concern:

It is with great pleasure that I recommend VietDecor for your construction project. Our company had chance to work with Vietdecor twice for our office in Indochina Plaza Hanoi. Their work was beyond our expectation in both projects. They were very professional in designing, construction process and adjusting the plans to reflect our corporate culture and business operations.

At the beginning, they were very creative in design and showed us both 2D and 3D drawings with specific dimension. These designs helped us to be imagine how our office would look like, what needed to be done first and what should come later. During the process, they always paid good attentions to small details and worked hard to meet the deadline.

Additionally, VietDecor' s employees had enviable work ethic, impeccable integrity and were very careful in processing. All staff always listened to our feedback and ideas and were able to change the design to make our office practical. Hence, we would highly recommend that VietDecor is a good partner to work with.

Sincerely Yours,

Atsushi Maruyama
General Director

弊社ではインドチャイナプラザにおけるオフィスの内装プロジェクトを2度にわたり VietDecor に依頼させていただきました。プロジェクトマネージャーをはじめ打ち合わせをしたスタッフ全員がプロフェッショナルで、弊社の要望を可能な限り取り入れていただきました。テナント側とのコミュニケーションにおいても丁寧で、工期も予定を前倒しすることができ、ビジネスの計画に遅れをきたすこともなく大変助かりました。VietDecor は今後もプロジェクトを一緒にさせていただきたい貴重なベトナムでのパートナーです。

Governance for Inclusive Growth Program

October 17, 2014

To whom it may concern,

During May of 2014, Chemonics International Inc. utilized the design and office fit-out services of Viet Décor. Given the size and complexity of the required work, the engaging of a contractor required a robust competitive evaluative process. Viet Décor was found to offer superior services at a fair market rate. The proposal submitted was professionally drafted, very detailed, and comprehensive. Viet Décor stood out among other vendors for a clear vision of use and a keen eye for design. During the proposal phase our program was visited several times by the vendors, and Viet Décor was found to be very responsive and professional in interactions leading to award.

During the actual fit-out, Viet Décor was required to adhere to a very tight implementation deadline. The office was required no later than early June, and we found that their work was professional and timely—we were able to take possession of the completed office on time and according to plan. Throughout this phase Viet Décor remained exceptionally responsive and very flexible. When adjustments were needed we found their team to be very accommodating and they excelled at identifying creative design solutions.

Overall we are very pleased with the work performed by Viet Décor. They are professional, responsive, highly-skilled, and able to produce highly customized designs with great attention to detail and form. I can recommend their services without reservation.

ViettTECH Technologies JSC

VietTECH Technologies Joint Stock Company successfully bided and was awarded the contract for the interior design and fitting out works for our Federal Express offices and warehouse in Noi Bai airport, Hanoi, Vietnam.

The work carried out and delivered was of a high standard and quality, and more importantly within the programmed schedule. The company was proactive and was able to overcome the many obstacles faced during the construction phase. The advantage of the company is the ability to work with multinationals and have a good understanding of local conditions and environment.

We have no hesitation to recommend VietTECH JSC to potential companies looking for a reliable and competent vendor to undertake the full complement of field design and fitting out works from offices to commercial warehouses.

Re: Reference

To whom it may concern.

Having worked with VietTECH on both of Vietnams only two Vertu boutique stores we were extremely delighted with the works carried out not only on-site but in preparation and post build completion. I was very impressed with the commitment and work ethic of the VietTECH team and their willingness to understand and execute intricate shop-fit detail design.

As Shed design manager for Vertu Asia I felt in complete comfort that onsite works and installation were under control with weekly issued site progress reports and pictures by VietTECH management. This was in direct correlation to individual project programmes and allowed my timely site visits to Vietnam to be arranged suitably. I never once left disappointed and the VietTech team were very hospitable and generous each time.

It was a pleasure to work with VietTECH and I would have no hesitation in recommending them. As Shed's now nominated Vietnam contractor we look forward to work closely with them again in the future.

Should you wish for any further information or reference please do not hesitate to contact me.

Koichi TAKANO
Deputy Chief Representative

Australian Government

AusAID

To whom it may concern

Viet Technologies JSC

Viet Technologies Joint Stock Company (VietTech) was commissioned by the Australian Agency for International Development (AusAID) to design, document and project manage the fitout of approximately 560 square metres on Level 2 of the Australian Embassy in Hanoi.

The fitout involved the construction of offices, meeting rooms, a kitchen and an IT Room as well as a large open plan office area containing 40 workstations. Documentation therefore included architectural, joinery, electrical, mechanical, lighting, fire services, voice and data, and hydraulic as well as the specification of floor and wall of surfaces.

The design and documentation was carried out to a high standard and within the programmed time. VietTech put forward many ideas and suggestions to supplement the basic design that had been provided as part of the initial brief. These included aesthetic initiatives such as ceiling types and designs as well as finishes for walls and types of lighting for different areas.

The company undertook the tendering based on the documentation produced and assisted AusAID in the selection of a works contractor. It then managed the works on behalf of AusAID. During the works phase, the Project Manager engaged well with the contractor. He was able to suggest solutions to any unforeseen problems that arose and negotiated well with the contractor on variations. The project was completed on time, within budget and to a good standard.
